# Un bonjour d'un ami

« Bonjour Carl,

En effet cela fait longtemps que l'on n'a pas discuté.

Depuis que je suis en disponibilité IBM je ne me suis pas ennuyé du tout. Mes journées sont bien remplies car j'adore bricoler , on part souvent en villégiature avec mon épouse (on est juste de retour du circuit du Portugal qui était sur le catalogue du CE IBM).

:

La semaine prochaine je repars dans le midi pour deux semaines. Prochainement je vais de nouveau être papy car mon fils et ma fille vont tous les deux avoir un bébé en juillet.

Je vais très rarement sur Paris mais je ne manquerais pas de te faire signe si un jour j'y allais. Lors du prochain guide WMQ donnes le bonjour a tous les clients de ma part . »

- Philippe Delaeter

# InterConnect2016

non-confidential presentations from InterConnect are available at

<https://www.ibm.com/events/global/interconnect/sessions/ipresentations.html>

- 1982 IBM MessageSight What You Need to Know about Connecting Devices to Internet of Things
- 2275 Migrating to the IBM MQ Appliance\_ Hints and Tips from the Field
- 3429 How to Transform Your Messaging Environment to a Secure Messaging Environment
- 3433 IBM Messaging Security\_ Why Securing Your Environment is Important
- 3470 IBM MQ for z/OS Latest Features Deep Dive
- 3481 IBM MQ for z/OS Enhancing Application and Messaging Connectivity in a Hybrid World
- 3540 The IBM MQ Light API From Developer Laptop to Enterprise Data Center to Cloud
- 3613 Deploying MQ Resources in a Self-Service or as-a-Service Infrastructure
- 3456 Expanding Your Options with the IBM MQ Appliance
- 4831 Extending Enterprise Messaging Across the Wild Wild Web
- 2397 The New MQ Appliance as a Messaging in a Box and MQMFT Hub Solution
- 3592 Hybrid Messaging How New MQ Features Enhance Capabilities On-premise and in the Cloud
- 6754 Making Connections with MQTT
- 3420 Build Scalability and Availability into Your Messaging Solutions with IBM MQ Clustering
- 6332 MQ Flow Automation, Self-Service, and Visualization at Bloomberg
- 3458 The IBM MQ Appliance\_ Administration Simplified
- 3465 Deploying a Highly Available Messaging Hub Using the IBM MQ Appliance
- 3429 How to Transform Your Messaging Environment to a Secure Messaging Environment

# 2016 IBM Systems Technical Universities

**IBM z Systems Technical University – München, Germany**  
**June 13-17**

## **Enterprise IT infrastructure for cognitive business.**

Reinventing IT for digital business, the new IBM z13 mainframe and z Systems are built for mobile, ready for and trusted for cloud. IBM z Systems provide the computing infrastructure for the mobile generation and the new app economy. Designed to exploit the mobile transaction explosion, z Systems apply in-transaction analytics and offer the most secure, trusted service delivery — all while transforming the efficiency and economics of IT.

## **IBM z Systems lectures and labs will focus on following topics:**

- The new IBM z13 and its technology innovations
- z/OS Version 2.1 and 2.2 latest updates, migration and advanced functions
- How cloud, analytics, mobile, social (CAMS) are remaking the mainframe
- IBM CICS Version 5 planning and implementation
- Best practices and what's new with key subsystems such as WAS z/OS, MQ z/OS, ODM, IBM Integration Bus (IIB), etc.
- Using Hadoop to analyze z Systems data
- z/OSMF Version 2.1 and 2.2 implementation and configuration
- What's new in Linux on z Systems
- z/VM new features, advanced functions and implementation updates
- What's new in z Systems software pricing on the z13

**Your chance to learn directly from the lab experts!**

**Questions:** [stg\\_conferences@be.ibm.com](mailto:stg_conferences@be.ibm.com)

**Website:** [bit.ly/IBMTechU2016Munich](http://bit.ly/IBMTechU2016Munich)

Interested in sharing your experiences at the conference? You might be eligible for free entry! Speak to your IBM rep for details.

**Watch. Listen. Learn more about IBM technologies.**

# IBM France

# Université du Mainframe

[http://ibm.biz/UdM\\_2016](http://ibm.biz/UdM_2016)

The screenshot shows a web browser window displaying the IBM Université du Mainframe 2016 event page. The URL in the address bar is [www-03.ibm.com/systems/fr/events/universitedumainframe.html?cmp=ibmfrance](http://www-03.ibm.com/systems/fr/events/universitedumainframe.html?cmp=ibmfrance). The page features a dark purple header with the IBM logo and navigation links for Solutions, Services, Produits, Support & Téléchargements, Mon site IBM, and Recherche. Below the header, a banner reads "Université du Mainframe 2016" and "IBM Client Center, Bois-Colombes Libre d'innover". It mentions the event date as "17 & 18 mars 2016". At the bottom, there are four circular icons with text: "Inscrivez vous!" (with a document icon), "France" (with a location pin icon), "17 & 18 mars 2016" (with a calendar icon), and "Les orateurs" (with a person speaking icon). The page is set against a background of abstract purple and blue geometric shapes.
